---

<b>Technical Skills</b>	Algorithms, C++, Python, Kotlin, Unity Engine 2D, Programming, SDLC
<b>Soft Skills</b>	Communication, Self-Management, Content Delivery, Critical Thinking
<b>Web Technologies</b>	HTML, CSS, JS
<b>Tools</b>	VS Code, Canva, Unity Engine, Android Studio

## CERTIFICATION

---

<b>Artificial Intelligence with UPSKILLZ</b> <a href="#">(Link)</a>	Aug 2022 - Oct 2022
<b>Unity2D Game Developer</b> <a href="#">(Link)</a>	Aug 2022 - Oct 2022

## EXPERIENCE

---

<b>CodeAlpha (Web Developer Intern)</b> <i>Virtual</i> <a href="#">(Link)</a>	Feb 2024 - Mar 2024
<ul style="list-style-type: none"><li>Effectively executed the development of three web-based projects, meticulously adhering to the specified requirements, which encompassed aspects such as functionality, design, and user experience.</li></ul>	
<b>CodSoft (Web Developer Intern)</b> <i>Virtual</i> <a href="#">(Link)</a>	Feb 2024 - Mar 2024
<ul style="list-style-type: none"><li>Independently completed an internship focused on front-end web development, successfully delivering three projects utilizing HTML, CSS, and JavaScript. Executed tasks assigned to assess web development proficiency.</li></ul>	

## PROJECTS

---

**Spotify Clone.** Designed and developed a front-end project inspired by the popular music streaming platform, resembling a Spotify clone. Leveraged HTML, CSS, and JavaScript to create a user-friendly interface with features reminiscent of the original application. Implemented functionalities such as song playback, playlist management, and user authentication to mimic the Spotify experience.[\(Github Link\)](#)

**Resume Builder.** Developed a front-end resume builder project enabling users to input their details and instantly generate personalized resumes. Built using HTML, CSS, and JavaScript, the intuitive interface ensures seamless customization and professional formatting.[\(Github Link\)](#)

**My To-Do List.** Crafted a front-end to-do list application facilitating daily task management. Users can easily input and organize their to-do's, marking them as complete upon completion. Developed using HTML, CSS, and JavaScript, the intuitive interface allows for effortless task tracking and management.[\(Github Link\)](#)
